

GO PRO

Bored of the old 9-5 routine, become a PADI professional, live and work in paradise.

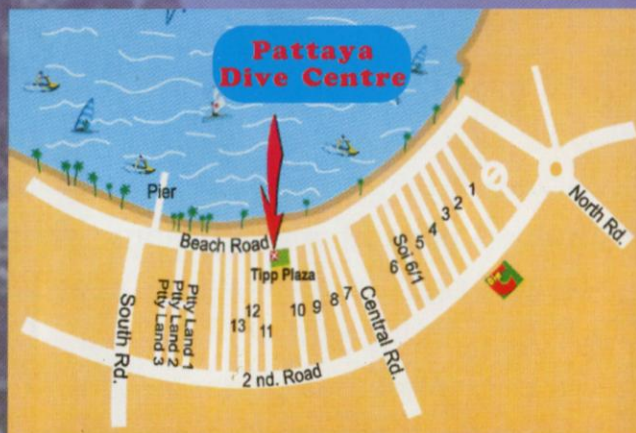

Have you thought of 'Going Pro'? Do you wish to live life to the full? ask about our professional level courses, make diving a full or part time career. We are the experts at turning you into a PADI professional, with a job placement service as well, once you have completed the appropriate courses. Ask about our package deals tailor made for you, even if you have never dived before.

Pattaya Dive Centre is a Five Star Instructor Development Centre licensed by PADI - Professional Association of Diving Instructors. We conduct diver training courses from beginner to instructor level, supervised by a PADI Master Instructor with 15 year's experience in Pattaya and over 5,000 dives. Pattaya Dive Center runs dive trips to the Pattaya Far islands and the Sattahip/Samae San shipwrecks. Training is done right here at our Pattaya Beach road office. Our highly popular and successful "Diving Life" program takes qualified divers from novice to instructor in only six months. The program includes all dive training, the required manuals & dive equipment.

PADI 5 STAR IDC Centre

It doesn't matter whether you are a complete beginner or a seasoned professional, young or old, Pattaya Dive Centre has what you're looking for.

For the beginner

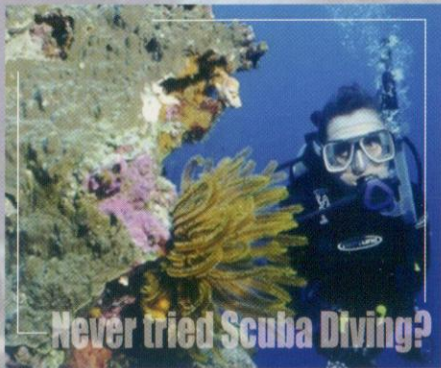

The whole family can enjoy the excitement and adventure of Scuba Diving, remember, kid's only need to be 10 years old to participate in Scuba activities.

Snorkelling trips leave at 9-am everyday to the coral islands. All day trips include equipment and lunch.

For the beginner

Never tried Scuba Diving?

Dive into the one day PADI Discover Scuba Diving program. Our highly trained instructors will have you underwater, breathing compressed air, on a coral reef on your very first day. Remember this course can be credited towards the PADI Open Water course.

In four days you can earn your internationally recognised PADI Open Water Diver course certification. After completing this you'll have the freedom to dive with a buddy...independent of a dive professional. *Short on time?* take two days and go for the PADI Scuba Diver certification.

This will allow you to dive with a professional, and can be upgraded to the PADI Open Water course at a later date.

For the trained diver

Pattaya Dive Centres

dive boats are visiting the coral islands and ship wrecks everyday. Around the Pattaya and Samae San area divers can enjoy more than 30 coral fringed islands and four large ship wrecks. PADI dive courses of every level are taught right here in Pattaya. At Pattaya Dive Centre you can continue your diver training with the Advanced Open Water, Rescue Diver or a wide range of Specialities to choose from, including wreck diver, deep diver, night diver, drift diver, U/W digital photo, nitrox and many more. New courses start everyday.
